

Omkar A Temkar

 Portfolio  LinkedIn  Github  omkartemkar24@gmail.com  6363265484

Summary

Recent Computer Science and Engineering graduate with a strong foundation in Full Stack Development, Machine Learning, and Artificial Intelligence. Skilled in building scalable web applications and data-driven solutions using modern technologies and frameworks. Passionate about solving real-world problems through innovation and eager to contribute to a dynamic technology-driven organization.

Education

B.E. in Computer Science & Engineering

RNS Institute of Technology, Bangalore

2022 – 2026

CGPA: 8.4 / 10

Diploma in Civil Engineering

Government Polytechnic Soraba

2023

CGPA: 9 / 10

10th Standard

Amar Jyothi English Medium High School, Sorab

2020

74.56%

Skills

- **Programming:** Python, Java, C
- **Web & Mobile:** HTML, CSS, , Flutter (Android & iOS)
- **Databases:** MySQL, SQL
- **Core Concepts:** Operating Systems, Computer Networks, Computer Vision

Experience

Artificial Intelligence Intern

Feb 2026 – May 2026

Edutainer

- Contributing to AI/ML projects involving data preprocessing and model development.
- Applying machine learning techniques to solve real-world problems.

Machine Learning Intern

Aug 2025 – Sep 2025

SkillCraft Technology

- Applying ML concepts to solve real-world problems.
- Improved problem-solving, technical skills, and teamwork.

Projects

Route Optimization for Highway Construction

Deep Learning, Satellite Image Processing

- Developed a deep learning model to analyze satellite imagery and optimize highway routes.

Medical Scanner App

Flutter, TensorFlow Lite, SQLite, Firebase

- Implemented barcode scanning to identify medicines and display their details.
- Integrated real-time scanning for quick and accurate medicine information retrieval.

Sign Language Translation into Text and Speech

Python, OpenCV, MediaPipe, Machine Learning

- Developed a real-time system for gesture-to-text and speech conversion.
- Applied computer vision and machine learning techniques for hand gesture recognition and classification.

Certifications

- Google Cloud Career Launchpad – Cloud Engineer Track
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional
- The Front-End Web Developer Bootcamp – Udemy
